

VENUS 3/9-13G TRUE COLOR IRON

REF. 064980

Essential for safety, the VENUS 3/9-13 G IRON welding helmet protects the welder's face and eyes from UV rays, infrared rays and spatter. Fully automatic, the mask switches from clear to tinted in a fraction of a second as soon as it is activated. Supplied with a headband, it leaves the welder's hands free and offers all the comfort needed for welding work.

FEATURES

- **4 different settings:**
 - Shade 9 to 13
 - Sensitivity and Delay
 - Grinding mode
- Optional adaptable **magnifying glass**
- **Excellent classification:** optical class 1/1/1/2 (EN379) for good image fidelity
- **Light shade 3:** excellent visibility in clear state for welding preparation
- **Fast darkening speed:** 0.08 ms
- **TRUE COLOR technology:** more realistic and detailed colour reproduction than conventional filters
