Order no.: 36558

Article number: 36558

EAN: 4010995365585

Customs tariff number: 82054000

Increases your efficiency: Unique Wiha handle-length concept for optimum balance of torque and control.

Protects your health: With the patented SoftFinish® handle design, ensuring work is kind to hands and muscles. Recommended by doctors and therapists at German Campaign for Healthier Backs.

Offers you full protection: Each tool individually tested at 10,000 V AC and approved for 1,000 V AC.

Increases your safety: Wiha slim blades ensure unlimited, protected access to deep-set screws.

Product dimensions: 353 x 237 x 44 mm (LxWxD)

Application: For work in the area of live parts up to 1,000 V AC.

Extra: The integrated protective insulation enables low-lying fastening and spring elements to be reached and manipulated.

Supplementary information: no slim version

Ergonomic working – Recommended by doctors and therapists of the German Campaign for Healthier Backs

Wiha handle size concept - powerful and sensitive fastening

slimBits allow access to low-lying screws thanks to inserted insulation

Safe operation up to 1,000 V AC

Fastening screws by hand causes considerable strain on wrists and muscles in the long term. The highly ergonomically shaped SoftFinish® screwdriver provides a remedy, ensuring optimal transmission of hand force. The different handle heights are always matched to the fastening. The long, slender handle heights can be used to fasten small screws quickly and firmly. There are also large-volume handle heights to fasten large screws which can be used to apply greater torques. The roll-off protection and screw symbol printed on the handle end ensure users work efficiently. With the Wiha slimTECHNOLOGY specially developed for electric applications, the protective insulation has been integrated into the blade, thus allowing blades which are up to 33% slimmer. This means low-lying screw and spring elements can easily be reached. These insulated screwdrivers undergo routine individual piece testing as per the international IEC 60900 standard, thus providing users with a tool to work safely on live parts up to 1,000 V AC.

Manufactured acc. to IEC 60900.

Content:

- 1x Screwdriver SoftFinish® electric TORX® T8 x 60 mm (00881)

- 1x Screwdriver SoftFinish® electric TORX® T9 x 60 mm (00882)
