Article number: 40410

EAN: 4010995404109

Customs tariff number: 82041100

Simplifies your work: The ball end facilitates access to screws and allows you to work at an angle of up to 25°.

Increases your efficiency: Improved accessibility thanks to its short side.

Lowers your costs: Highly durable thanks to high-quality, chrome-plated L-key surface to prevent corrosion.

Saves space: All standard keys organised in a compact, space-saving design.

Product dimensions: 119 x 67 x 24 mm (LxWxD)

Application: Especially for screws that are difficult to access.

Extra: The ball end enables the user to work at angles up to 25°.

Extra: Thanks to its compact dimensions, this holder fits easily into every ruler pocket.

Extra: Common key sizes are stored in the holder where they are easily seen.

Blade: Chrome-vanadium steel, through hardened, chrome-plated.

Compact and space-saving

Improved accessibility

Perfect for confined spaces

Based on ISO 2936L.
