Customs tariff number: 82060000

Separate laptop/office compartment: Large back compartment, this way, tools can be stored separately from the laptop and documents.

Plenty of additional storage: The interior of the backpack offers much room for additional material.

Stable, waterproof base tray: The hard-wearing base tray keeps the tools dry.

Well organised, easy to remove: All tools can be easily removed and returned.

77 storage and 30 flexible attachment possibilities: Free choice of individual equipment arrangement.

Tilt-resistant stand: The base tray makes sure that that backpack has a firm stand when open.

Product dimensions: 530 x 385 x 260 mm (LxWxD)

Application: The backpack is ideally suited for mobile application and offers maximum freedom for the hands and work location.

Separate laptop/office compartment

Plenty of additional storage

Stable, waterproof base tray

Clearly organized for easy removal of the tools

77 storage and 30 flexible attachment possibilities

Tilt-resistant stand

When you have your hands full of work, you need two free hands. The professional backpack from Wiha is the perfect solution and allows limitless freedom with its protected design. The sophisticated compartment system ensures clearly structured organization and easy removal of the tools. When the backpack is open 1/3 it additionally offers practical quick access options. The total of 77 storage and 30 flexible attachment possibilities allow individualised configuration options with additional tools and accessories. The robust base tray of the backpack with its stable foothold makes sure that the backpack has a firm stand when open. In addition, it comes in handy in wet and dirty work environments thanks to its robust material. Moreover, the tool backpack is not only your workshop on the go but also a mobile office. A laptop and office compartment allows the secure and clean storage of your laptop, cell phone and documents, separate from the tools.

Comfortable carrying is ensured by the adjustable breathable carrying elements as well as robust non-slip handle. It fulfills highest quality demands thanks to its high-quality surface material 1680D and YKK zippers. For private or sensitive objects there is room in several separate padded compartments.

For all types of fastening work, the backpack not only contains our ten-part L-key set and 14-part bit set, but also seven ergonomic screwdrivers and the small compact Stubby. All holding, feeding and cutting tasks can be carried out with the combination and water pump pliers as well as the heavy-duty diagonal cutter. The Wiha locksmith hammer, the measuring tape and five ring ratchet open ended spanners complete the mobile tool range for professionals.

Finally, the backpack can be expanded individually thanks to the universal MOLLE system. The handy loops can be equipped with plenty of accessories found online for enhancing and expanding the backpack (not included in the delivery). With the professional tool backpack and its mobile set of high quality Wiha tools you always have everything you need by your side!
