Sanitary and HVAC installations is a large service sector requiring a great variety of tools for very diverse applications. For professionals in this sector, especially on the go, having all tools ready at hand in a systematic way is of paramount importance. Containing 112 useful tools, the SHK tools case from Wiha is an ideal companion! The tool inserts of the case are designed to help them work efficiently by ensuring that all tools can be accessed quickly and easily. The extensively equipped case offers professionals the suitable tool for every type of application, such as. for example, the torque screwdriver TorqueVario®-S, the Multitool PocketStar®, the installation pliers TriCut, the super easy to clean ratchet wrench, and the extra long screwdriver with a blade length of 300 mm. This makes it especially suited for combi boilers as it is very convenient to use in limited spaces. In addition, the large storage space in the toolbox also offers extra space for more small parts and machines. Made of robust polypropylene, the case also features gas-filled shock absorbers, which hold the lid in different positions, preventing it from closing automatically. The chances of fingers getting caught or other injuries are minimized as a result.
