Order no.: 45530

Article number: 45530

EAN: 4010995455309

Customs tariff number: 82060000

Product dimensions: 485 x 392 x 185 mm (LxWxD)

Application: The basic kit for electricians out on jobs, e.g. ideal for young workers starting their career.

Material: Polypropylene

Plenty of additional storage

28 loops and compartments

Compact tools transporting with a comfortable carrying handle

Clearly organized for easy removal of the tools

In mobile use, it is not easy to carry all the necessary tools and at the same time keep them organized.

In addition to the basic equipment of high-quality hand tools, the compact and handy case offers sufficient room for additional tools thanks to 28 loops and compartments in combination with the large bottom tray. The tools can be clearly and neatly stored and easily removed. The ergonomic two-component handle guarantees a comfortable carrying experience of the case. Made of robust polypropylene (PP), the case is especially sturdy and impact resistant, thus reliably protecting the contained tools. The lock equipment and an air pressure compensation valve additionally allow the tool case to be safely transported in airplanes. For the ideal basic equipment, the handy tool case is equipped with an assortment of high-quality hand tools.

For all types of fastening work, it contains six ergonomic, insulated SoftFinish® slimFix screwdrivers and the compact, insulated PocketMax® electric. For all holding, feeding and cutting tasks, a pair of insulated combination pliers and needle nose pliers as well as diagonal cutters are included. These insulated screwdrivers and pliers guarantee safe and protected work on electrical systems. The assortment is complemented by the insulating Multitool, the electrician's folding ruler and the electrician's spirit level. Insulated tools tested according to IEC 60900.
